

LISTING OF SUBCONTRACTORS

The Contractor shall perform, with the Contractor's own organization and with workers under the Contractor's immediate supervision, work of a value not less than 30 percent (30%) of the value of original Total Contract Price less "Specialty Items." "Specialty Items" may be performed by subcontract and the cost of any "Specialty Items" so performed may be deducted from the original Total Contract Price before computing the amount of work required to be performed by the Contractor. A Specialty Item Contractor may perform as the Contractor if the Specialty Item Contractor's work exceeds 50 percent (50%) of the value of the original Total Contract Price (less any "Specialty Item" work not being performed by the contractor), and the Specialty Item Contractor meets the experience qualifications for the Contractor as outlined in the Bid Form. Where an entire item is subcontracted, the value of work subcontracted will be based on the Contract item bid price. When a portion of an item is subcontracted, the value of work subcontracted will be based on the estimated percentage of the contract item bid price, determined from information submitted by the Contractor, subject to approval by the Agency. In accordance with the Subletting and Subcontracting Fair Practices Act of the Public Contract Code, Section 4100 et seq., each Bidder shall list in the bid form:

- The name, California contractor license number, and the location of the place of business of each Subcontractor whom the Bidder proposes to perform work or labor or render service to the prime Contractor in or about the construction of the Work, or a Subcontractor licensed by the State of California who, under subcontract to the prime Contractor, is proposed by the Bidder to specially fabricate and install a portion of the Work according to detailed drawings contained in the Contract, in an amount in excess of one-half of one percent (0.5%) of the Total Bid or, in the case of a Bid for the construction of streets or highways, including bridges, in excess of one-half of one percent (0.5%) of the Bidder's Total Bid or ten thousand dollars (\$10,000), whichever is greater.
- The portion of the Work (Bid Item and percentage of Bid Item to be performed by listed Subcontractor) that will be done by each Subcontractor. The Bidder shall list only one Subcontractor for each portion as is defined by the Bidder in the Bid.
- Failure to correctly list the percentages may result in a finding that the Bid is non-responsive.
- DIR Registration number or other proof of registration.

If a Bidder fails to specify a Subcontractor for any portion of the Work or Bid Item to be performed under the Contract (or specifies more than one Subcontractor for the same work), the Bidder agrees that the Bidder is fully qualified and shall perform that portion of the Work or Bid Item.

Within 24 hours following the bid opening date and time, a Bidder may further define its description of the "portion" of work to be performed by a listed Subcontractor, including for example by specifying Bid Items to be performed by a listed Subcontractor, but the Bidder shall not vary the portion of work to be provided to the listed Subcontractor. Bidders who list a Subcontractor for less than all of a type of work as described in the Subcontractor listing in the Bid must provide an additional, unique description of the work to be performed by the listed Subcontractor within 24 hours following the Bid Opening date and time or the Subcontractor will be deemed to have been listed to perform all work falling within the description of work.

If after the award of the Contract, the Contractor subcontracts any portion of the Work or Bid Item, except as provided in Public Contract Code Sections 4107 or 4109, the Contractor shall be subject to the penalties specified in Public Contract Code Section 4111.

A listed Subcontractor shall perform with the Subcontractor's own organization and with workers under the Subcontractor's immediate supervision, work of a value of not less than 75 percent (75%) of the value of each item of Work for which the Subcontractor is listed.

Pursuant to Public Contract Code Section 6109, a Contractor may not perform work with a Subcontractor who is ineligible to perform work on public works projects pursuant to Labor Code Sections 1777.1 and 1777.7.

The Contractor shall include provisions in every subcontract with all Subcontractors, suppliers, and others it employs on this Project that the Contract between the Contractor and the Agency is part of the Subcontract, and that all terms and provisions of the Contract are incorporated in the Subcontract. Copies of all Subcontracts shall be available to the Agency upon written request.
