Recommendation

We recommend that your Board approve the minutes and authorize the Chair to sign the minutes.

Thank you.

**MINUTES OF THE BOARD OF DIRECTORS OF THE
SUTTER BUTTE FLOOD CONTROL AGENCY
REGULAR MEETING OF
July 13, 2011**

The Sutter Butte Flood Control Agency (Agency) Board of Directors (Board), State of California, met on the above date in Regular Session at 1:00 p.m. in the Superintendent of Schools, Training Center, 1699 Sierra Avenue, Yuba City, California.

MEMBERS PRESENT

County of Sutter:	Larry Montna, James Gallagher
County of Butte:	Steve Lambert
City of Yuba City:	John Miller, John Dukes
City of Gridley:	Jerry Anne Fitcher
City of Live Oak:	Gary Baland
City of Biggs:	Bo Sheppard
Levee District 1:	Francis Silva
Levee District 9:	David Lamon

MEMBERS ABSENT: Directors Bill Connelly, Owen Stiles, David Schmidl, Al Montna

STAFF PRESENT: Bill Edgar, Executive Director; David Peterson, Agency Counsel Scott Shapiro, Agency Engineer; and Sarah Modeste, Staff Analyst

REGULAR SESSION

Chair Steve Lambert opened the meeting at 1:00 p.m. and led the Board and audience in the pledge.

CONSENT CALENDAR

On motion of Director John Dukes, seconded by Director John Miller, and carried by those present, the Board approved the Consent Calendar as follows:

- 1) **Approval of the minutes for the Regular Board Meeting of June 8, 2011 with the correction of the CADAC meeting to June 22, 2011.**

PRESENTATION, DISCUSSION AND ACTION ITEMS

- 2) **Receive and file May financial report**

Executive Director Bill Edgar presented the May financial report and noted that the working capital funds are what the Agency project for May, 2011. He added that the Agency will receive a second wave of assessment payments, which will bring the total to the projected fiscal year amounts. Anticipated expenditures and operational costs were nearly have of anticipated.

Director John Dukes asked for clarification on the law enforcement expenditure listed in the May check register. Budget manager Seth Wurzel responded that the dollar amount listed was correct, but it was incorrectly coded to a City of Yuba City law enforcement account instead of a Peterson Brustad invoice. The error had already been corrected and will be reflected on the June financial report.

No public comment.

No action was taken on this item.

- 3) **Approval of contract with the preferred candidate for the director of engineering position.**

Mr. Edgar explained that the Board began the recruitment and hiring process of its first employee, the director of engineering, at the February 9, 2011 Board meeting. Eleven applicants submitted for the position, six applicants were invited to participate in the interview process and four accepted the offer.

Following the interview process, one preferred candidate was selected. The Board gave approval to move forward with the negotiation process with the preferred candidate and the Agency has reached an agreement with Mike Inamine. Mr. Edgar reviewed Mr. Inamine's work experience with the State Department of Water Resources, including: FloodSAFE Levees Manager, Chief of Levee Repairs and Floodplain Management Office, Chief of Construction Office, and Supervising Engineering of the Division

of Engineering, among others. Mr. Inamine brings nearly 30 years of experience to the Sutter Butte Flood Control Agency.

Mr. Edgar explained the compensation package which includes \$160,000 salary and a fully loaded package totaling \$224,000. The Agency is setting up a profit sharing plan and a 457 plan, which many cities and counties use. Mr. Inamine may chose to defer a portion of his salary to the 457 plan. Mr. Edgar stated that Mr. Inamine will bring the Agency exactly what it needs to complete the design and construction quickly.

During the first year of his employment, Mr. Inamine is unable to directly engage with DWR per his previous employment agreement. But, Mr. Inamine is free to help the Agency draft strategy, work with the US Army Corps of Engineers, manage the right-of-way and design teams, and perform day-to-day operations.

Agency counsel Scott Shapiro provided an overview outlining the director of engineering employment terms and the contract agreement. Mr. Edgar introduced Mr. Inamine to the Board.

Mr. Inamine thanked the Board for the consideration to serve as the Agency's director of engineering. Mr. Inamine stated that he sees this project as the last major puzzle piece for the flood protection in the Central Valley.

Resident Elaine Miles provided public comments about the costs associated with taxes and asked that the Agency look into those costs. She added that she felt Mr. Inamine sounded like a good fit for the Agency.

Director John Miller stated that he was on the selection committee and felt that Mr. Inamine did a fantastic job during the interview and stood out among the candidates. Mr. Miller added that Mr. Inamine is the right person for the job.

Chair Steve Lambert stated that the interviews included the cream of the crop, and Mr. Inamine rose above that. Director Stan Cleveland stated that he had heard Mr. Inamine speak at various DWR events and was very impressed with him. Mr. Lambert also thanked Dave Peterson of Peterson Brustad, Inc. for his work on behalf of the Agency and asked that he stay as connected, if possible.

A motion was made by Director John Miller to approve the contract with the preferred candidate, Mike Inamine, for the director of engineering position. The motion was seconded by Director Larry Montna and was carried by those present.

Director James Gallagher arrived at the meeting at 1:45 p.m.

4) Presentation by David Ford Consulting Engineers regarding AB 156 & DWR Emergency Response Planning Grant Opportunities

Mr. Edgar explained that grant funds may be available for emergency planning, and introduced Rhonda Robbins from David Ford Consulting who provided an overview of DWR's local flood emergency response program.

Director John Dukes asked if there is a window that the grant funds must be spent. Ms. Robbins responded that a timeframe was yet not outlined.

Agency Engineer David Peterson noted that the DWR requires its EIP grant recipients to prepare an emergency response plan. Director James Gallagher asked why the Agency should develop a new plan when several member agencies have already developed emergency plans. Ms. Robbins responded that DWR is requested a regional approach, so the current plans could be used as the framework, and additional information could be added to develop the regional approach.

Director John Dukes asked if the individual emergency plans would fulfill the DWR requirement. Mr. Peterson responded that the Agency must submit one and Ms. Robbins added that coordination is most important through a regional approach.

Director Francis Silva asked what would happen to SBFCA once the project is finished. Mr. Edgar responded that the Agency will exist for some time to pay off the debt service, but doesn't intend to be a large construction agency. Mr. Shapiro added that the current state policy is if the JPA doesn't exist the cities and counties have to indemnify the State for the construction project.

Director Gary Baland stated that he sees this as an opportunity for the City of Live Oak. As a small, rural community it is an opportunity to have the regional approach. He added that if there is a flood, it is important to plan regionally.

Director John Dukes asked if the grant would cover 100 percent of the costs. Ms. Robbins responded yes. Director John Miller added that if the plan is a requirement, it would be helpful to have a grant fund to cover the costs. The only risk would be if the grant was not awarded to the Agency, then the Agency would be out the money paid for grant application process.

Pat Miller, a Yuba City resident, asked how the grant was funded. Ms. Robbins responded through Prop IE funds.

A motion was made by Director John Miller to direct staff to execute a contract with David Ford Consulting Engineers to prepare a grant application for emergency planning. The motion was seconded by Director Gary Baland and was carried by those present.

5) Board approval of funding agreement with the State of California for the Feather River West Levee Project

Agency Counsel Scott Shapiro introduced the item and stated that the design cost share agreement split costs 50/50 between the Agency and the State. The recently passed State budget included \$9 million, the State's portion of the costs, for the Agency's design work.

Director James Gallagher asked if the design agreement included each segment of Phase I work. Mr. Shapiro responded that it is for Segments 1-6 and that DWR has acknowledged that it is more cost effective to fix Segment 6 instead of building a j-levee as it previously requested.

Mr. Shapiro added that it is understood that there are liabilities related to the project, so he will be meeting with member agency's attorneys to discuss at more length.

No public comment.

A motion was made by Director John Dukes to approve the funding agreement with the State of California for the Feather River West Levee Project. The motion was seconded by Director Dave Lamon and was carried by those present.

6) Approval of the Sutter Butte Flood Control Agency assessment appeal policy

Mr. Edgar explained that the original resolutions were approved in 2010 and that the updated resolution would include the following items:

- a. Have until November of each year to file an appeal
- b. If the first portion of the assessment has been paid, the second payment will reflect the approved appeal
- c. If there is a correction or appeal, it is only for that year and not retroactive
- d. Clarifies the process and how to file an appeal

Assessment Engineer Bob Cermak added that November 1st of each year is the deadline for considering appeals for that fiscal year. If an appeal is submitted after November 1st, the appeal can still be evaluated and processed but the change will not take place until the following fiscal year. The proposed resolution replaces Resolution 10-003.

Mr. Shapiro stated that the Agency has received approximately 60 appeals to date, and some have been approved and others have not. None of the appeals have appeared before the Board.

Resident Pat Miller thanked the Board for setting the policy.

A motion was made by Director Larry Montna to approve the Sutter Butte Flood Control Agency appeals process. The motion was seconded by Director John Miller and was carried by those present.

INFORMATIONAL AND POSSIBLE APPROVAL ITEMS

- 7) **Staff response to Board questions regarding title companies**
Mr. Shapiro reminded the Board that at its June meeting, the Board approved continuing work with Fidelity and Bidwell, but not North State Title Company. He stated that after further review, it was determined that North State Title did not perform as it has agreed, nor did it perform as well as the other two companies.

- 8) **Other reports from Agency staff and consultants regarding current Sutter Butte Flood Control Agency activities**
Agency Engineer David Peterson provided an overview of recent environmental and Corps activities as well as reviewed the project schedule. He stated that the environmental team and Corps had recently completed four public meetings to discuss the EIR/EIS process and were now reviewing questions and comments. Design project manager Chris Krivanec updated the Board on recent design team activities.

- 9) **Report (if necessary) by the Citizens' Assessment District Advisory Committee (CADAC)**
CADAC Chair Ray Rogers updated the Board on CADAC activities, which included an upcoming meeting in late July to discuss responsibilities and attendance at the CADAC meeting, which has been poor of late. Mr. Rogers requested that the Board members that have not appointed members look to fill those positions.

Resident Pat Miller stated that the Sutter County Tax Payers group strongly recommended the formation of the CADAC and requested that the Board support the continuation of the CADAC.

Director Gary Baland commented that Mr. Rogers was his appointee to the CADAC and is thankful for his hard work and commitment to the committee.

- 10) **Report (if necessary) by Levee District No. 1 regarding setback levee project at Star Bend (an early implementation project)**
There is nothing new to report.

- 11) **Report (if necessary) by the USACE Project Manager regarding current status of the Feasibility Study for the Sutter Basin.**
Laura Whitney, the feasibility project manager, stated that her group has been working with the Agency's environmental consultant, ICF Jones & Stokes, to hold four environmental public scoping meetings. She also stated that the Sutter Basin Feasibility Study was selected to participate in an accelerated process; it was one of two projects selected.

- 12) **Report (if necessary) by the DWR Senior Project Manager regarding current DWR activities.**
Scott Rice from DWR provided a short update.

CORRESPONDENCE

- 13) **Report on correspondence sent by and received by the Board.**
No correspondence at this time.

PUBLIC COMMENT

No public comment at this time.

ADJOURNMENT

With no further business coming before the Board, the meeting was adjourned at 3:10 p.m. in memory of former Live Oak City Council Member and SBFCA Board Member Harold Childers.

Finance Department
Memorandum**

Date: August 10, 2011

To: Board Members, Sutter Butte Flood Control Agency
William Edgar, Executive Director

From: Robin Bertagna, CPA *RB*
Finance Director, City of Yuba City

Subject: Monthly Financial Report: June, 2011

Attached is the Monthly Financial Report for the Sutter Butte Flood Control Agency for the month of June of fiscal year 2010-2011.

This financial report includes the following information prepared by SBFCA:

- Reconciliation of total working capital as of June 30, 2011 compared to the Amended SBFCA Budget approved on June 8, 2011. This statement also shows the cumulative expenditures paid to date versus the expenditures invoiced to date (Exhibit A). It is important to note that this reconciliation does not include all expenses for FY 2010/11 as there is a 60-day accrual period for revenues and expenditures.
- Summary statement of cumulative activities through June 30, 2011: This statement shows the expenditures by fund and by the major expenditure category – Operations & Capital (USACE Study, EIP, and the Star Bend Payment). This statement also shows the amounts received and expended to date, as compared to the Amended SBFCA Budget for the 2010-11 Fiscal Year. This statement has been reconciled by SBFCA staff to the City of Yuba City's financial system (Exhibit B).
- Summary of the Operating and Capital Contract/Task Order amounts paid to date for contracts with activity in FY 10/11: This summary provides a comparison to the current contract/task order authority amounts (Exhibit C).
- Latest summary cash flow for FY 10/11 (actual expenses to date) and projected FY 11/12 prepared by SBFCA (Exhibit D).

Additionally, a check register reflecting all checks issued on behalf of the Agency between June 1, 2011 and June 30, 2011 is included.

This item is informational only, no action is required. Please review and file.

Thank you.
