APPROVAL OF MAY 6, 2015 MEETING MINUTES

Minutes of the May 6, 2015 meeting were approved as corrected.

UPDATE ON SBFCA ACTIVITIES

Executive Director Mike Inamine reported that due to the Native American cultural issues levee construction work has been delayed. It is costing \$1.5 million for each month it is suspended. The work was delayed because the U.S. Corps of Engineers requires a plan to deal with the artifacts. The best estimate for work to begin will be July 9. A request has been made to work in areas that are free and clear of cultural resources. There was a \$45 million bond sale with an interest rate of 3.99%. There is an early pay back feature, but it is likely that all funds will be used for the levee project.

Public Outreach Manager Kim Floyd stated that she will be providing outreach to property owners, school districts and others to advise them that once levee construction begins in Butte County there will be 50 haul trucks on the road and they will be making four round trips daily. Many of the roads are narrow country roads and residents and others who travel on them will be impacted.

ANNUAL REPORT

The annual report was approved in concept and will be presented to the SBFCA Board by June 30.

NEXT CADAC MEETING

The next Citizens' Assessment District Advisory Committee meeting will be held on Wednesday, July 1 at 12:30 p.m. at 1441 Garden Highway, Yuba City. The location is on the west side of Garden Highway north of Bogue Road and is across from Blackburn-Talley Park.
